**Joint Commission Resources**

ILLUMINATE ANALYTICS™

Better understand the holistic performance of your organization across quality metrics that matter. With its compelling visualizations, this intuitive business intelligence tool helps you draw meaningful, actionable conclusions from disparate data sources to strengthen the quality and safety of the care you provide.

STRENGTHEN DECISION-MAKING CAPABILITIES TO IMPROVE QUALITY

— Gain a more easily digestable picture of performance to inform the development of efficient, effective performance improvement strategies

— Clearly identify emerging patterns and trends that can help leaders proactively mitigate critical risks and more readily learn from internal top performers

— Understand how your sites of care and organization as a whole stacks up to others—helping leaders like you better context and socialize performance with your C-suite

SAVE VALUABLE TIME, BOOST OVERALL EFFICIENCY

— Eliminate hours of costly, unproductive time spent manually manipulating data with multiple data sources now housed in one convenient location

— Stay informed—with on-demand access to real-time data, in a wide array of easy-to-navigate visualizations

— Stay in control—Easily create custom views of your data sets and selectively grant access to this powerful tool within your organization

— More effectively prioritize planned improvement initiatives to achieve maximum impact

WHAT'S INCLUDED IN *ILLUMINATE ANALYTICS*?

— Integration of multiple performance data sources—self-assessment data from Tracers with AMP® , findings from mock surveys and Joint Commission RFI and *SAFER*™ data. The more expansive your data, the more integral this tool becomes to your quality improvement efforts

— Comparison capabilities for self-assessment vs. The Joint Commission *SAFER*™ and national data

— Visualizations with filtering options and drill downs

— Seamless, daily data pulls

— Controlled, permission-based access for additional users within your organization

— Supportive resources to make it even easier to maximize this tool's full scope of capabilities, right from the start, including: complimentary demo webinars, user guide with definitions of visualizations, along with helpful practice guides

WHO CAN ACCESS *ILLUMINATE ANALYTICS*?

JCR Tracers with AMP customers may receive access to this tool within the JCR software portal.

If your organization is not a current JCR e-products user, please contact our Customer Service team at 877.223.6866 to learn how you too can gain access to this new intelligence tool.

HOW TO ACCESS?

ILLUMINATE ANALYTICS™ can be found on the **eProducts Portal Home page.**

Illuminate Analytics

ILLUMINATE ANALYTICS is an exclusive tool in the *DASH*™ collection of business intelligence tools powering our customers' performance improvement efforts. *DASH* (Data Analytics for Safe Healthcare) is a data transparency initiative launched by the Joint Commission Enterprise. *DASH* demonstrates our enterprise-wide commitment to empowering our customers and supporting the decisions they make as they seek to improve the delivery of safe, quality healthcare.

"This tool takes massive amounts of data and puts it into a consumable format. It helps me more easily share key information about performance within my organization, which is a key piece of my job. I can't imagine now not having access to this tool."

– Director, Quality Improvement
  Large, Multi-State Health System

Accelerate PI, Illuminate Analytics and *SAFER*™ Dashboard are part of the *DASH* collection of business intelligence tools powering our customers' performance improvement efforts on their journey to zero harm.
